

INTRODUCTION

As a student many of us, would have a goal to progress our career through well known or if I say top universities around the world. My younger cousin had such an ambition and got a chance to proceed his further studies in University of Chicago, USA.

BUSINESS PROBLEM

The problem task starts after the admission has been confirmed, which is searching for a right place. The first approach of a guardian would to look for an,

“Suitable living place”

It consists of many criteria's

- Less commute
- Spacious and cheap apartments
- Lively place to access restaurants, hospitals, etc.
- Safe

We would be searching Neighborhoods in Chicago, City and search nearby locations within Hyde Park which fits the above criteria.
